

InfoWerks provides turnkey transition solutions for pharmacy buyers and sellers. With data management and patient retention solutions, we offer everything needed to make a seamless transition. Here's how we can help!

ACQUISITION ANALYTICS

Before buying, we prepare reports from the location's data for an unbiased view to discern probable profitability.

DATA CONVERSIONS

Seamlessly migrate the acquired pharmacy's patient records to any software system with ease.

PRINT & DIRECT MAIL SERVICES

Receive turnkey bundles for in-store and exterior signage at closing and welcoming locations as well as first class letters sent to the acquired pharmacy's patients.

DATA ARCHIVING

Move documents, data, and images to a web-based, secure platform that meets medical record retention requirements and offers print-ready reports for audits.

Why So Many Organizations Choose Us

- Over 28,000 data projects completed
- 24+ years experience in healthcare data conversions
- Customized process that's healthcare data centric
- HIPAA and HITRUST compliant
- Platform agnostic (we've converted data from 150+ systems)
